### MEETING for parents and their children

### „SPIEL(T)RÄUME“

**Do you a have a perfect baby? A baby sleeping the whole night long, everytime happy an never getting ill?**

No you haven't? No problem. Nobody has.

We were just joking. THERE IS NO PERFECT CHILD OR PERFECT MUM/ DAD.

Every child has ist own individual development and every mother and father has is own ideas of education.

But what they all have together: An new part of live ist starting with the birth of a baby and few things are changing.

Come with your child for talking, relaxing, get to know each other

At a get-together for parents and children called „Spiel(t)räume

You want your child to get to know other children?

You want to get practical ideas for activities and playing suggestions ?

Do you have the feeling you never come out since your baby was born?

Feeling that nothing is really right or wrong what you are doing ?

You want to drink tea or coffee with other parents and talk about education and living with children?

**So please come to the next meeting of „Get-together with parents and children“**

**Here you can have fun together with your child**

***Who can participate?***

**Mums / Dads with their children at age of 0- 18 months**

### **What are we doing?**

In 8 meetings of 90 minutes professional educators want to create a dialog between parents of different nations in good and secure atmosphere.

Children of every origin have fun with playing together, singing, reading books, get a baby massage and a lot of more

If you have questions about education and your child`s development you can ask professionals.

**Need this flyer in other language ? No problem we translate it !**
